

Jim Jim Falls, Kakadu National Park

### Darwin

The modern multicultural city of Darwin, the Territory's capital, is the northern gateway to Australia. There is so much to see and do – museums, markets, art galleries, nightlife and a host of natural attractions. Enjoy outdoor harbourside dining and a choice of international cuisine, or experience an unforgettable Darwin sunset.

### Litchfield National Park and Katherine

South of Darwin is Litchfield National Park, 1,500 square kilometres of largely untouched landscape including lush monsoon forests, magnetic termite mounds, unusual rock formations and breathtaking waterfalls. Located outside the park's entrance is the small township of Batchelor, the gateway to Litchfield.

300 kilometres south of Darwin, sweeping from the Gulf of Carpentaria to the West Australian border is the vast Katherine Region, full of hidden secrets and unique experiences. The major natural attraction in the region is Nitmiluk (Katherine) Gorge.

### Kakadu and Arnhem Land

World Heritage Listed Kakadu National Park, almost 20,000 square kilometres in size, is one of Australia's most prized cultural and natural treasures. Discover the famous Yellow Water Billabong, Jim Jim and Twin Falls and the indigenous rock art at Nourlangie Rock and Ubirr. Located in the middle of Australia's northern coast and bounded by Kakadu National Park, the Arafura Seas and the Gulf of Carpentaria, is the vast area of Arnhem Land, owned by the traditional Aboriginal people.

The Top End enjoys a tropical climate with two very distinct seasons. May to September is the Dry season, while the Green (Wet) season, October to April, the best time of year to see the region at its most fertile. Most tours and attractions operate year round however due to restricted road access some destinations can close seasonally between December and May.

Katherine Gorge

The most spectacular feature of the Katherine region is Katherine (Nitmiluk) Gorge in Nitmiluk National Park. Explore the 13 gorges on a cruise or by canoe. The Katherine River is perfect for adventure activities such as canoeing, with many picnic and swimming spots along the river including the picturesque Katherine Hot Springs. The national park is home to an abundance of wildlife, breathtaking waterfalls and fine examples of rock art high on the gorge walls.

Katherine is a bustling regional tourist town located 300 kilometres south of Darwin, and the first major town along the Stuart Highway upon leaving Darwin. The town boasts numerous natural attractions and has a diverse history. Explore the nearby tropical limestone Cutta Cutta Caves, or visit Springvale Homestead, one of the Northern Territory's first cattle stations.

The township of Batchelor is gateway to Litchfield National Park. The main attractions include the unique termite mounds and the spectacular Tolmer, Wangi and Florence waterfalls, which thunder from the cliffs to the rock pools below during the Green season. The waterfalls flow more gently during the remainder of the year, making the waterholes perfect spots for a swim.

## MUST SEE AND DO

- Swim at Tolmer, Wangi or Florence Falls in Litchfield National Park
- Take a Katherine Gorge Cruise
- Relax in the thermal pools at Katherine Hot Springs
- Visit the historical attractions including Katherine School of Air, Railway Station, Outback Heritage Museum & Springvale Homestead
