

Kimberley Cruising

King George Falls

There's so much untouched wilderness to discover in the Kimberley region and the coastline is no exception. What better way to explore this pristine environment than with an extended cruise.

With cruises ranging from 6 to 14 days, there's something for everyone, each providing access to remote locations best seen from the water. Cruise past breathtaking waterfalls and dramatic cliff faces, some cruise vessels even come with a helicopter – fly through the gorges and over stunning landscapes.

Of course there's more to the Kimberley coastline than spectacular scenery. Reach for the binoculars to take in the abundance of birdlife and embark on an excursion to see some of the oldest Aboriginal rock art galleries featured in natural caves.

A whole new world of underwater wonder is yours to enjoy at Rowley Shoals Marine Park, 300 kilometres west of Broome. The coral atolls, clear lagoons and incredible marine life are exceptional. Take a dive on Clerke or Mermaid Reef and be on the lookout for everything from colourful coral gardens to various fish species. Come face to face with sea turtles, manta rays and dolphins. It's an underwater playground.

As you cruise along the Kimberley coastline, visit some of the most incredible attractions Australia has to offer. Witness the natural phenomenon at Montgomery Reef, where white water rapids reveal a vast reef eco-system. Marvel at the tiered waterfall at King Cascade, on the Prince Regent River and take a thrilling ride through the Horizontal Falls. Spot crocodiles along the Mitchell River and explore the beaches and ancient rock art on Bigge Island. Just sit back, relax and enjoy the breathtaking scenery that will surround you.

BALCONY SUITE

Orion has opened Australia up to a new way of travel – expedition cruising in true luxury and style. Five star facilities and service are combined with excursions to pristine wilderness areas only found in this quarter of the globe. Towards the west, in the historic pearling town of Broome, the colours of nature are vibrant and intense; rich red earth, azure blue seas and brilliant white sand beaches. North of Broome lies the ragged Kimberley coast, a place you can only comprehend from the sea.
